

Retreat holiday home/park locations

The locations listed below feature any number of bespoke Retreats, designed and manufactured by us on the edge of Cumbria's Lake District. Please note, some of these sites do not exclusively use Retreat as their sole supplier, there may well be lodges from other manufacturers located on these park sites. If you wish to stay specifically in a Retreat you would need to enquire as to which accommodation, on which site, was specifically designed and supplied by us.

The *majority of sites listed here* offer accommodation for *holiday rental only*. However, some of the locations listed do offer Retreats for purchase only - for example, at Scampston Hall, Palstone Lodges, Barmoor Castle etc. here you cannot book a Retreat for a holiday/break, they are only available for purchase. None of the *to purchase* locations are residential sites so the lodges *cannot* be lived in as a permanent home.
